

Too Hot for Tot!

Too often children are left in cars, either intentionally or unintentionally, where temperatures can soar into the triple digits causing children to overheat and face serious injury or even death. Join us for a special event to raise awareness in our community about this preventable injury towards our community's most vulnerable population.

Tuesday, August 16 at Noon
Carousel Mall Parking Lot
Main Entrance,
San Bernardino

First 100 people attending the event will receive car thermometers provided by Children's Network.

Wear Purple for Purple Ribbon Month to Support the Event and in support of Kaitlyn's Law, protecting children from hyperthermia.

For information, call (909) 558-8118
after Aug 9
